Flooring System

– Industrial and Commercial Flooring
– Sports Flooring
– Grass-type Flooring
– Indoor Flooring Materials
– Garage Solutions

Flooring Material Processing

– Flooring Raw Materials
– Production Equipment
– Packaging Equipment

Concrete Surface Treatment Equipment

– Leveling Equipment
– Trowel Equipment
– Polishing Equipment
– Shot Blasting Equipment
– Milling Equipment
– Small Tools, Power Tools
– Consumables
– Stone Care and Related Equipment
– Vacuuming and Cleaning Equipment
– Air solutions

General Concrete

– Concrete Mixing and Conveying Equipment, Mixer Engines, etc.
– Concrete Transportation
– Cast-in-place Concrete
– Precast Concrete
–Permeable brick and permeable concrete
– Concrete cutting, crushing and blasting equipment
– Consumables
– Sand and Gravel Aggregate Production Equipment
– Mining Equipment
– Waste Concrete Recycling Equipment and Products
– Concrete Additive
– Concrete Testing Instruments and Equipment
– Concrete Reinforcement Technology and Equipment
– Decorative Concrete, Ecological Concrete Products and Technologies, etc.
– Ultra High Performance Concrete (UHPC)
– Formwork Scaffolding and Production Eequipment

Information Classification: General

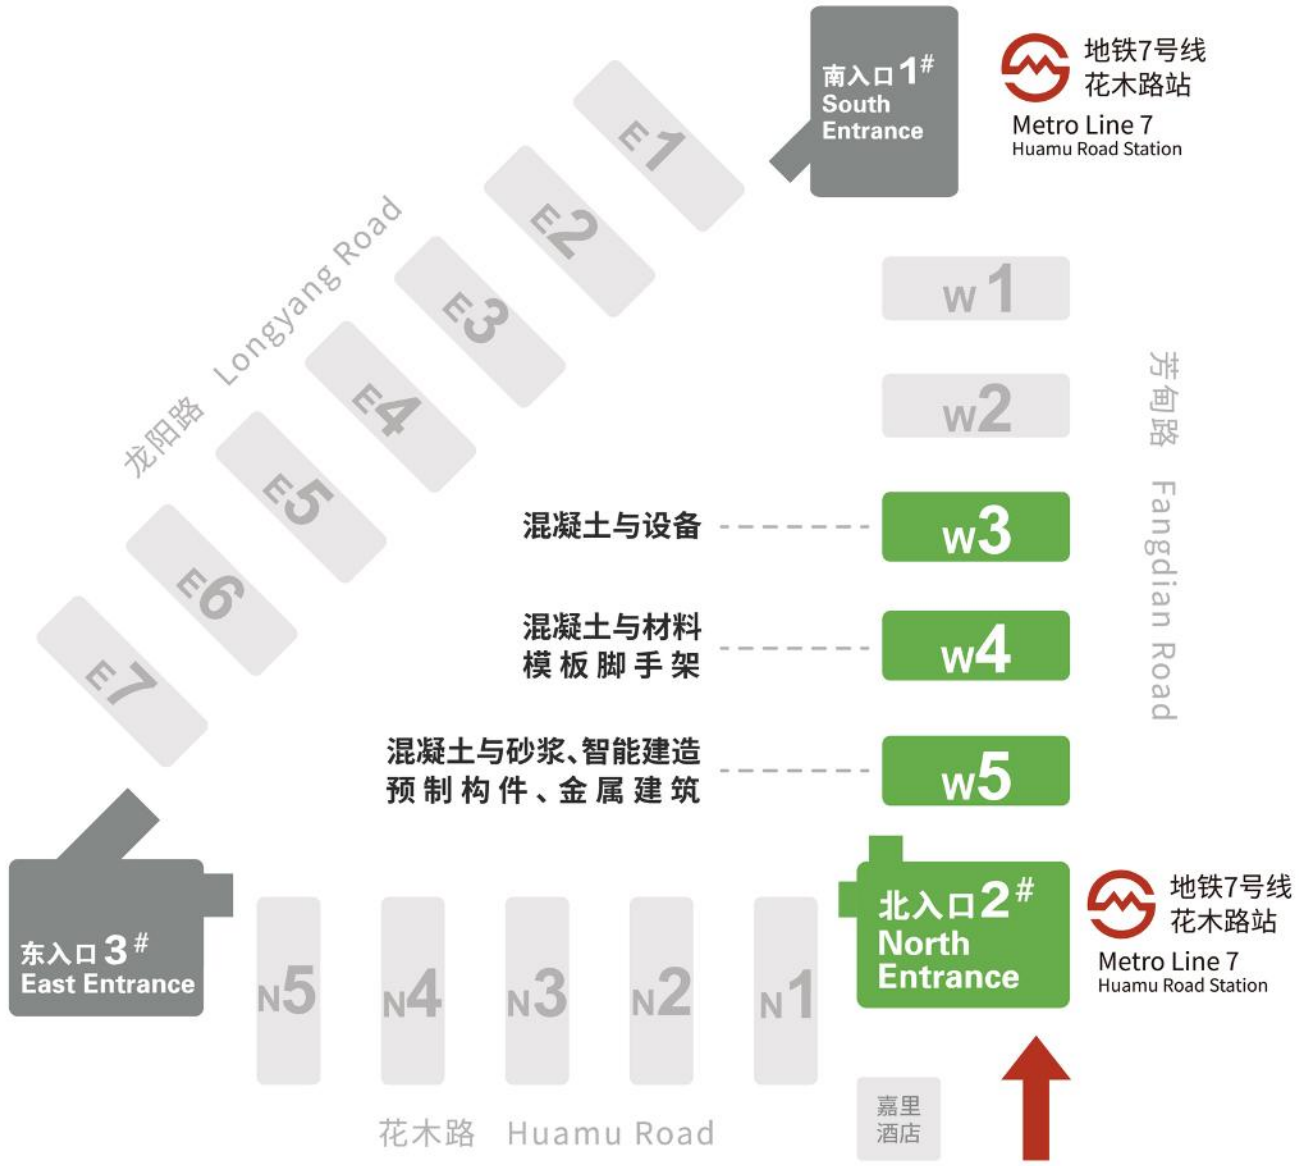

Overview-Exhibit Catalogue

Mortar/Gypsum Technology/Masonry

– Mortar: Cement-based mortar, gypsum-based mortar, specialty mortars, architectural gypsum, etc.
– Mortar Production Equipment
– Mortar Equipment Accessories
– Production line Supporting Equipment
– Mortar Testing Equipment
– Transportation Equipment
– Spraying Equipment
– Mortar Additives
– Cement: specialty cements, white cements, etc.

Intelligent Construction

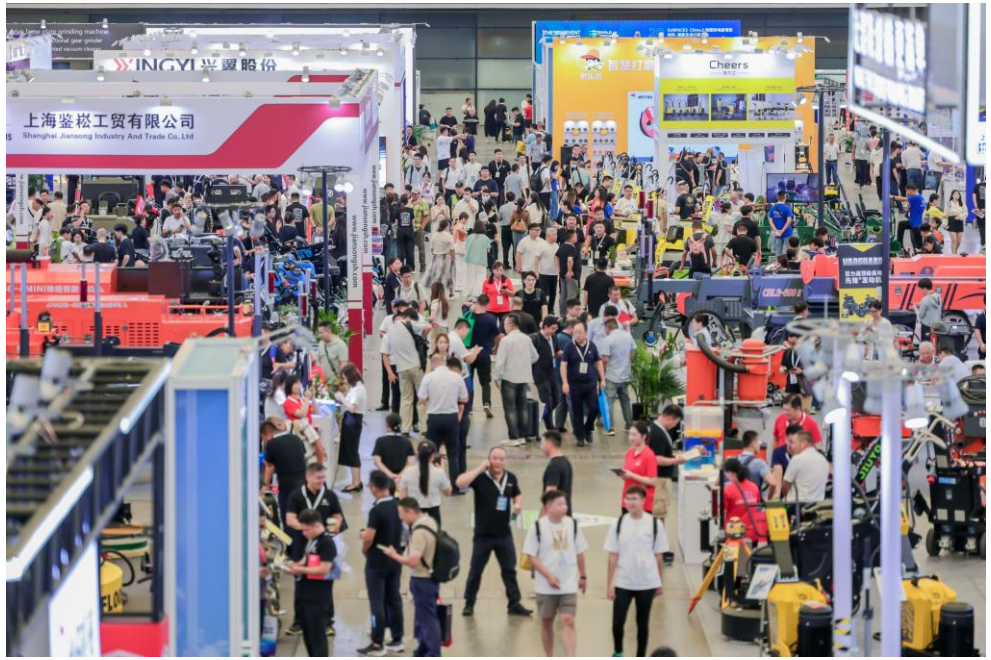

– Great House, Ultra-Low Energy Consumption
– Intelligent Construction Robots
– Sci-Tech Innovation Technology/ Transportation Sci-Tech Innovation
– Precast Concrete Components

WOCA On-site Event — Flooring Contractor Conference & On-site Practical Competition Show

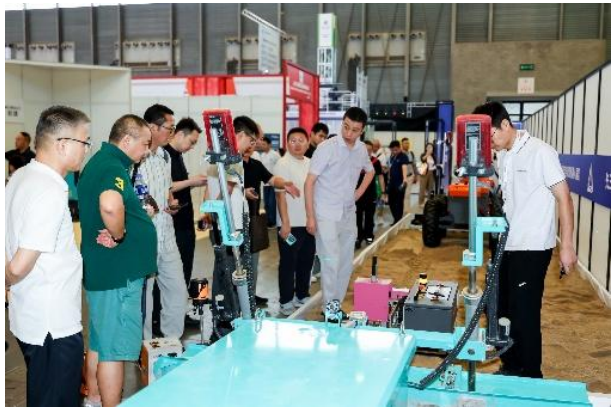

地坪学院 常州工程职业技术学院

Co-hosted by Changzhou Vocational Institute of Engineering and WOCA-World of Concrete Asia, this competition features practical contests, technical forums and resource matchmaking. Highlighting authentic skill competition, front-line experience sharing and efficient supply-demand links, it demonstrates real-world workmanship through on-site construction PK.Concurrent forums cover terrazzo installation, flooring repair & renovation, quality control and construction efficiency. Senior experts give lectures and Q&A to tackle practical project pain points. Partnering with flooring vocational colleges, it builds an integrated platform for competition, technical exchange, talent supply and business matching. Boosting learning and progress via contests, it advances high-quality development of flooring industry with standardized workmanship, professional construction and targeted resources.

Hosted by Informa Markets, World of Concrete in Las Vegas, USA has evolved over nearly 50 years into a global platform for commercial-concrete and masonry industries. Its brand footprint spans the globe, covering the United States, China, Mexico, Canada, France, India and other regions.

Top-tier Industry Seminars

WOCA hosts over 60 industry forums covering global hot-button topics and cutting-edge technologies. Experts, scholars and corporate leaders share research achievements, analyze pain points and hot-topics, and discuss industry trends. Top-tier technical specialists also conduct on-site training sessions for construction skills and equipment operation.

Media Resources at Home and Abroad

WOCA enables full-domain marketing for the construction sector. More than 300 domestic & international media partners from concrete, flooring and mortar sectors help track industry updates.Introducing world-class smart commercial technologies and digital-community exhibition concepts to Asia, WOCA connects 7 major pools of international WOCA buyers to build a global business network.
